

# Distant Sun

## Crowded House

Tell me all the things you would change  
 I don't pretend to know what you want  
 When you come around and spin my top  
 Time and again, time and again

No fire where I lit my spark  
 I am not afraid of the dark  
 Where your words devour my heart  
 And put me to shame, put me to shame

When your seven worlds collide  
 Whenever I'm by your side  
 And dust from a distant sun  
 Will shower over everyone

You're still so young to travel so far  
 Old enough to know who you are  
 Wise enough to carry the scars  
 Without any blame, there's no one to blame

It's easy to forget what you learned  
 Waiting for the thrill to return  
 Feeling your desire burn  
 And drawn to the flame

When your seven worlds collide  
 Whenever I'm by your side  
 And dust from a distant sun  
 Will shower over everyone

And dust from a distant sun  
 Will shower over everyone

And I'm lying on the table  
 Washed out in a flood  
 Like a Christian fearing vengeance from above  
 I don't pretend to know what you want

But I offer love

Seven worlds collide  
 Whenever I'm by your side  
 And dust from a distant sun  
 Will shower over everyone

And dust from a distant sun  
 Will shower over everyone
