

Dragons Fly

Simon Nield

G D G
 Into the blue on a Summer day
 G D G
 Sun beams dance under the waves
 D Am
 Gliding by on geisha fans
 C D G
 There are dragons flying over the sand
 G D G
 On the salty air the church bells ring
 G D G
 Calling the faithful to rise up and do their thing
 D Am
 I go down to the edge of the land
 C D G
 See the dragons flying over the sand

Chorus

Em
 Dragons fly
 C G
 Every kid knows that dragons fly
 D Em
 It's all in the way that you use you eyes
 C G
 Everything is something else in disguise
 D Am
 If you can't imagine you can't see
 C D G
 These dragons fly so delicately
 G D G
 So if you're waiting for a miracle to appear
 G D G
 Come down to the ocean and I'll show you one,
 that's already here
 D Am
 What more do you need to understand?
 C D G
 There are dragons flying over the sand

Chorus

Em
 Dragons fly
 C G
 Every kid knows that dragons fly
 D Em
 It's all in the way that you use you eyes
 C G
 Everything is something else in disguise
 D Am
 If you can't imagine you can't see
 C D Em C G
 These dragons fly so delicately

D Em C G
 (Dragons fly so delicately
 D Em C G
 Dragons fly
