

The Party

Regina Spektor

C G
You're like a party somebody threw me
Am
You taste like birthday
F
You look like New Years
G G7
You're like a big parade through town
C G
You leave such a mess but you're so fun

C G
Tell all the neighbors to start knocking down walls
Am F
To grab their guitars and run out to the hall
G G7
And we'll be coming out right along
C G
to sing them our new song

C G
For every place there is a bus
Am F
That'll take you where you must
G G7
Start counting all your money and friends
C G
before you come back again

C G
For every road we can't retrace
Am F
For every memory we can't face
G G7
For every name that's been erased
C G
Let's have another round

C G
May I propose a little toast?
Am F
For all the ones who hurt the most
G G7
For all the friends that we have lost
C G
Let's give them one more round of applause

C G
But You're like a party somebody threw me
Am
You taste like birthday
F
You look like New Years
G G7
You're like a big parade through town
C G
You leave such a mess but you're so fun
